*** Committee Members and/or Officials reserve the right on decisions of all rules not covered by this rule sheet.**

Operation of Contest:

1. Number one puller will be test puller and may accept the first pull if weight sled is okay; or may pull again in 3rd position.
All decisions on re-pulls must be made before unhooking from sled.
2. If sled requires adjustment; the first puller after any adjustment is made will then become #1 puller.
3. All pulls must start with a tight hitch.
4. Puller will be allowed 2 consecutive attempts and 20 feet to start the sled. Any disqualification on 1st attempt bars a 2nd attempt on re-pull.
5. Pullers must be in pull position within three minutes of sled readiness; any delays are cause for disqualification.
6. If presiding official is notified of a tractor with mechanical problems, he may drop three positions or to end of class - Puller's discretion. This may only be done once per class.
7. Pullers may not operate two tractors in a row in a single class. Puller may drop back 6 places or to last of class. Official's discretion.
8. All contestants pull at their own risk.
9. No mechanical adjustments of any kind may be made to tractor after beginning of pull or during Pull off.
