Operation of Contest:

1. Number one puller will be test puller and may accept the first pull if weight sled is okay; or may pull again in 3rd position.
All decisions on re-pulls must be made before unhooking from sled.
2. If pull sled requires adjustment; the first puller after any adjustment is made will then become #1 puller.
3. No jerking on pull. All pulls must start with a tight hitch.
4. Puller will be allowed 2 consecutive attempts and 50 feet to start the sled. Any disqualification on 1st attempt bars a 2nd attempt on re-pull.
5. Pullers must be in pull position within three minutes of sled readiness; any delays are cause for disqualification.
6. If presiding official is notified of a tractor with mechanical problems, the puller may drop three positions or to end of class - Puller's discretion. This may only be done once per class.
7. All contestants pull at their own risk.
8. No mechanical adjustments of any kind may be made to tractor after beginning of pull or during Pull off.
